

Accurate **HOP UP CHAMBER**

For M16 / M4 Series

100%
MADE IN TAIWAN

Gear Making Accurate Adjustment Easier !

- Superb quality, precision, and finish.
- Adjustment button with o-ring to assure tightness.
- We hardened the pressure point making the hopper more accurate and stable with faster pressurization.
- Pressure plates are interchangeable between raised pressure point type to the stock. Gives you two pressure plates for the price of one.

Adjustment gear

Easy to install.
