

# TRINITY TO TOKYO MARUI COMPATIBILITY CHART

## INTERCHANGEABLE

**SLIDE** *Notes:* The Marui slide (both nylon and metallic slide) is interchangeable with the Trinity. The ARMY metallic slide is interchangeable with the Trinity.

**BLOWBACK HOUSING**

**NOZZLE**

**NOZZLE SPRING**

**BUCKING**

**INNER BARREL** *Notes:* It is interchangeable with Marui, ARMY.

**GUIDE ROD** *Notes:* Slide has a slanted shape, that's why the whole build looks sloppy when installed in other brands guide rod. TM Parts technically work, but the 5.1 and 4.3 guide rods stick out past the guide plug. Its make the whole build look sloppy.

**RECOIL SPRING**

**SEAR SPRING**

**DISCONNECTOR**

**HAMMER**

**DETENTS**

**GRIP & MAGAZINE RELEASE** *Notes:* Magazine release has been enlarged for easier reach and operation with the thumb. The Marui and ARMY's whole set (grip and magazine release) is interchangeable with the Trinity.

**TRIGGER**

**TRIGGER BAR**

**SHORT STROKE KIT**

**MAGAZINE**

**INTERCHANGEABLE WITH GROUP 1:** The Marui's whole set (includes hop up chamber, outer barrel, frame, slide stop, grip safety and thumb safety) is interchangeable with the Trinity.

**HOP UP CHAMBER** *Notes:* Compared to all other Hi-Capa on the market, Trinity offers easily adjustable hop up. Patented slide release enables precise adjustment of hop up without disassembling upper and lower body. The Marui's whole set (includes hop up chamber, outer barrel, frame, slide stop, grip safety and thumb safety) is interchangeable with the Trinity.

**OUTER BARREL** *Notes:* It has been adjusted to better match hop up chamber.

**FRAME** *Notes:* It has been adjusted to better match hop up chamber.

**BEAVER TAIL/GRIP SAFETY** *Notes:* Grip safety has been adjusted for improved thumb safety.

**THUMB SAFETY** *Notes:* Diameter of thumb safety pin has been enlarged and is made of stainless steel for greater strength.

**SLIDE STOP/CATCH** *Notes:* It has been adjusted to better match hop up chamber.

## NOT COMPATIBLE

**SEAR** *Notes:* Trinity's sear can be used with the Marui, but the Marui's sear cannot be used with the Trinity.

**GUIDE PLUG** *Notes:* Guide plug has been adjusted to better match slide.

**REAR SIGHT** *Notes:* Does not fit on the Trinity slide shape.

**FRONT SIGHT** *Notes:* Does not fit on the Trinity slide shape.
